

Face to Face Training Packages For Schools

“Our mission is to ensure that all children are supported to become skilful and confident in their use of phonics for reading and writing, thus being able to access and enjoy all aspects of learning throughout their schooling.”

We have a bespoke range of Professional Development videos to support with delivering Pip and Pap Phonics, which are included as part of our Gold Package.

However, we are more than happy to deliver face to face training for schools that may prefer this approach.

Take a look at our 'face to face' training packages below.

Core Package: “Getting Started with Pip and Pap Phonics” (5 hours).

This training is designed for practitioners that will be delivering the Pip and Pap Phonics Programme. It is recommended that English/Phonics Leaders and Senior Leadership Teams also attend this training.

Training covers the following areas:

Introduction to the programme

Programme structure and pedagogy

Delivering a Pip and Pap Phonics session – including information relating to planning

Formative and Summative Assessment

Use of decodable reading books

Practitioners should have had previous experience of synthetic phonics teaching to access this training.

Optional Package: “New to Synthetic Phonics”

This training is designed for practitioners who are new to teaching synthetic phonics.

This training is aimed at all practitioners across the school community, including students, ECTs, support staff and KS2 staff.

This training can be delivered in conjunction with the Core Package.

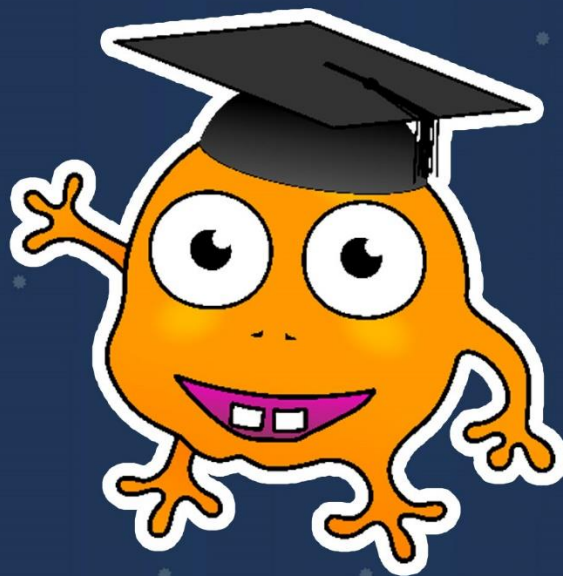

Face to Face Training Packages For Schools

Premier Package: "Mastery with Pip and Pap Phonics".

This bespoke package is priced based on the need and respective size of individual schools. This package is for schools already running the Pip and Pap Phonics Programme. This package provides further consultancy built around an individual school's needs- including auditing, support and enhancement of provision. This can include further CPD or coaching support for practitioners.

We recognise that every school and its individual needs will differ. We are able to tailor our training packages to support the requirements needed within your school.

Get in touch today to discuss your training needs and requirements in further detail. We are always happy to build a bespoke training package to meet the needs of your school and pupils!
